PROFESSIONAL SUMMARY

AWS Certified Solutions Architect – Professional and Cloud Engineer with hands-on experience designing, implementing, and operating secure, scalable, and cost-efficient AWS environments. Skilled in cloud architecture, Terraform, migration, disaster recovery, security, and cloud operations, with experience supporting enterprise AWS workloads.

WORK EXPERIENCE

Stratpoint Technologies Inc.

Level 3 Cloud Engineer | May 2026 – Present

- Deploy and support enterprise AWS infrastructure using Terraform across development, SIT, UAT, and production environments.
- Implemented ETL and analytics infrastructure using S3, AWS Glue, Athena, SageMaker, QuickSight, Secrets Manager, and IAM.
- Configured VPC networking, security groups, Glue JDBC connectivity, IAM roles, and least-privilege access for private data workloads.
- Supported multi-account AWS optimization and security operations across AWS Backup, CloudTrail, CloudWatch, Systems Manager, RDS, IAM, and security remediation.
- Implemented and troubleshoot AWS data infrastructure using SageMaker Unified Studio, Glue/Visual ETL, Glue Data Catalog, and Lake Formation.
- Performed performance tuning, right-sizing, deployment validation, and production readiness, while developing MOPs, SOPs, runbooks, and implementation documentation.

Valueline Systems & Solutions Corp.

Solutions Architect | Jan 2026 – Apr 2026

Presales Engineer | May 2025 – Dec 2025

- Designed and delivered AWS hosting, migration, backup, disaster recovery, and infrastructure modernization architectures for enterprise clients.
- Architected AWS DRS and Veeam disaster recovery solutions, defining RPO/RTO, replication, staging, recovery, and failover requirements.

- Designed AWS environments using EC2, S3, VPC, CloudFront, Route 53, IAM, and related services, aligned with AWS Well-Architected principles.
- Conducted migration assessments and PoCs, including workload sizing, dependency analysis, rehost/replatform strategies, and architecture validation.
- Developed AWS Pricing Calculator/NBIE cost models, TCO assessments, right-sizing recommendations, and infrastructure optimization proposals.
- Led technical solutioning with sales, product, implementation teams, and clients, producing architecture diagrams, technical scopes, proposals, and presentations.

Achieve Without Borders Inc. (Internship)

Cloud Engineering Intern | Nov 2024 – Feb 2025

- Deployed and maintained **containerized ERP environments on GCP** using Docker, Nginx, and PostgreSQL.
- Supported **CI/CD, load balancing, performance tuning, and infrastructure optimization** to improve application reliability and scalability.
- Troubleshoot cloud infrastructure and application issues while supporting **Linux-based cloud operations and service availability**.

Concentrix CVG Philippines Inc.

Customer Service Representative | Jun 2022 – Jan 2023

- Handled high-volume customer interactions in an e-commerce environment (orders, billing, returns, product inquiries)
- Maintained strong Customer Satisfaction (CSAT) and resolution KPIs
- Escalated complex issues to appropriate teams, ensuring timely resolution and customer retention

TECHNICAL SKILLS

Cloud Platforms: AWS, Google Cloud Platform (GCP), Microsoft Azure, Oracle Cloud Infrastructure (OCI)

Infrastructure & DevOps: Linux, Docker, Amazon ECS, Nginx, CI/CD, Git/GitHub, AWS CloudFormation

Programming: Python, Dart, Kotlin

Databases: PostgreSQL, MySQL, SQLite

Tools: Jira, ClickUp, Trello, Microsoft 365, Google Workspace

Methodologies: Agile, Scrum, Kanban

CERTIFICATIONS

AWS Certified Solutions Architect – Professional (SAP-C02)

- November 21, 2025 - November 21, 2028

AWS Certified Advanced Networking – Specialty (ANS-C01)

- September 27, 2025 - September 25, 2028

AWS Certified AI Practitioner (AIF-C01)

- October 17, 2025 - October 17, 2028

AWS Certified Solutions Architect – Associate (SAA-C03)

- November 21, 2025 - November 21, 2028

AWS Certified Cloud Practitioner (CLF-C02)

- January 25, 2025 - January 25, 2028

Oracle Cloud Infrastructure AI Foundations Associate (2025)

- October 27, 2025 - October 27, 2027
-

PROJECTS

AWS Disaster Recovery Implementation – Infrastructure as Code

- (github.com/angelojoe20/Disaster-Recovery-for-AWS-CDK.git)
 - o Designed DR architecture using AWS DRS, defined RPO/RTO, automated infra via CloudFormation, and tested failover scenarios

VendoMed – OTC Medicine Vending System

- (github.com/Ruoneee/vendomed_flutter.git)
 - o Designed system integrating RFID, payment validation, and inventory management with scalable architecture

Library Management System

- (github.com/angelojoe20/Library-Management-System.git)
 - o Developed inventory management system with SQLite database and backend logic
-

EDUCATION

Bachelor of Science in Computer Engineering – Pamantasan ng Lungsod ng Maynila

- Graduated Cum Laude
- Active in AWS Cloud Club, GDSC, and multiple tech communities

AWS re/Start Program – Edukasyon.ph (AWS, Linux, Networking, DevOps)

- Completed full-time cloud computing and IT fundamentals bootcamp
- Specialized in AWS Cloud, Linux, Python, networking, security, and DevOps fundamentals

STEM – Polytechnic University of the Philippines

- Graduate With High Honors
- Built foundational skills that supported the Engineer Course

LEADERSHIP & COMMUNITY

Python Philippines - Kaizend [May 2024 - Present]

- **Finance Committee**
 - Managed budgeting and financial support for community-driven initiatives.

Amazon Web Services Cloud Clubs Philippines [September 2024 - June 2025]

- **Partnership Officer**
 - Facilitated collaborations between AWS and student communities to drive cloud learning.

Amazon Web Services Cloud Clubs - PLM [February 2024 - June 2025]

- **External Relations Lead**
 - Organized cloud-related events, established sponsorships & partnerships, and promoted cloud education initiatives.

Google Developers Student Club - PLM [October 2021 - June 2025]

- **Core Member, External Relations & Cloud Googler**
 - Assisted in organizing developer events and cloud-related activities, fostering engagement within the tech community.
 - Managed external relations, collaborating with industry partners and organizations to secure sponsorships and resources for student-led initiatives.
